Sophomore Life

I was here this morning. Believe me!

Will I ever make it through this day?

Would anyone care for some more tea?

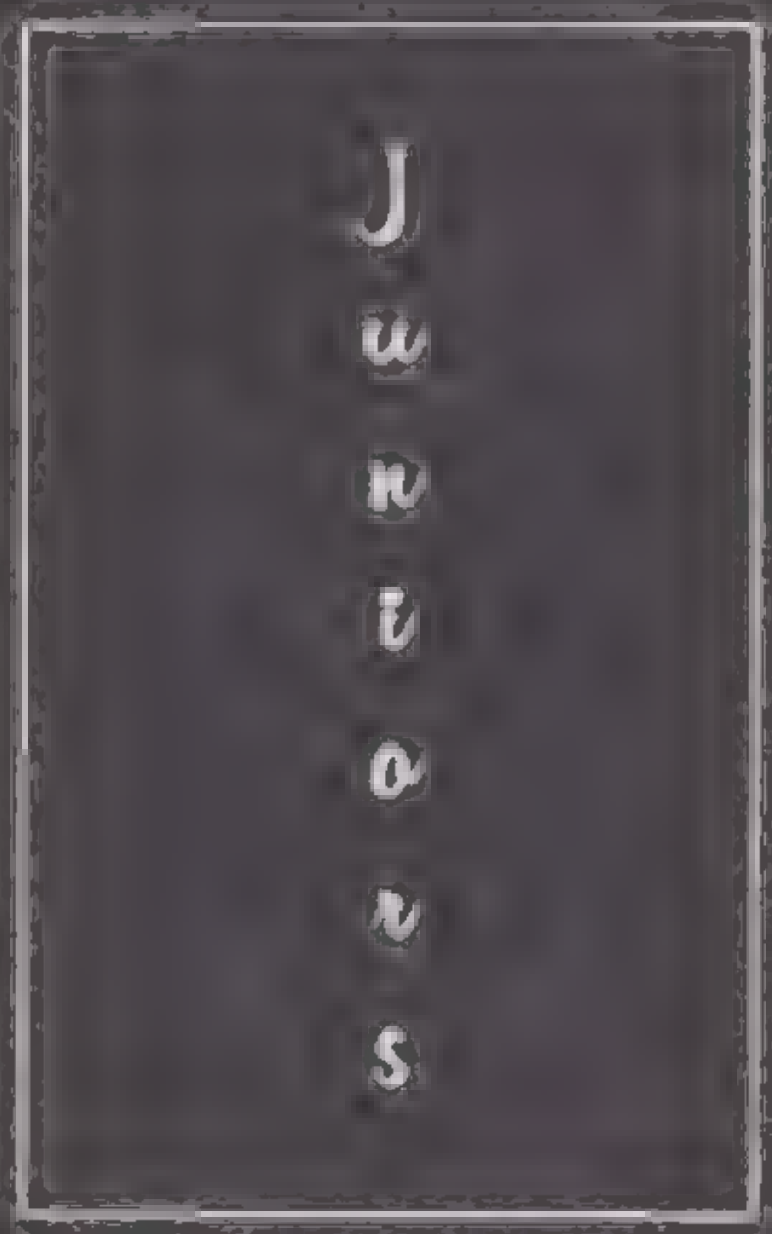

I'll raise you a large fry and three pickles!

Oh, my baby!

**"CONGRATULATIONS TO THE
GRADUATING CLASS OF '74"**

Potlatch is dedicated to a continued interest in higher education. We take pride in our area and this is one way we do our part in helping to move forward. Since 1952 Potlatch Foundation for Higher Education has put more than \$775,000 to work throughout the United States in the form of scholarships and fellowship grants.

Potlatch is also dedicated to the production of products for better living . . . outdoor recreation for healthier minds and bodies . . . and jobs for present and future generations. This is accomplished through greater conservation and wise use of the renewable natural resource, trees . . . and a management program of forestlands that is beneficial to all.
